Message from Director

I am delighted to share that under the ongoing Swachhata Hi Seva campaign, NCONF Ghaziabad has successfully organized the activity "Ek Ped Maa Ke Naam", along with the taking of the Swachhata Pledge. This initiative serves as a powerful reminder of our duty not only to maintain cleanliness but also to nurture and protect our environment.

By planting trees in the name of our mothers, we pay tribute to the selfless care and nurturing that both mothers and nature provide us. This symbolic act encourages a deeper connection to nature and reinforces our commitment to creating a sustainable future for generations to come.

"Together, we can make a significant difference in achieving the vision of Swachh Bharat and a greener planet."
